

MOOCs

Popular library MOOCs -

Many MOOCs are only available during the course timeframe, but some platforms have an option to be notified if the class is hosted again. Please check with your staff development coordinator to see if you can earn CE credit.

CURRENT SESSIONS

Inspiring Leadership through Emotional Intelligence (Case Western)

Emotional intelligence, hope, mindfulness, and compassion help a person reverse the damage of chronic stress and build great leadership relationships. The Positive and Negative Emotional Attractors inspire sustained, desired change and learning at many levels.

Starts May 4, 2015.

Becoming a Resilient Person - The Science of Stress Management (University of Washington)

Take care of yourself by learning the skills to manage stress and optimize wellbeing.

Starts June 2, 2015.

Data Visualization (University of Illinois)

Learn to present data to an observer in a way that yields insight and understanding.

Starts July 20, 2015.

Tinkering Fundamentals: A Constructionist Approach to STEM Learning (explOration)

Tinkering activities provide a powerful way to inspire students' interest, engagement, and understanding in science. The Tinkering Fundamentals course will help educators and enthusiasts develop a practice of tinkering and making.

Starts July 22, 2015.

Electronic Literature (Davidson College)

Interactive Fiction. Chatterbots. Hypertext and kinetic poetry. Explore these avant garde forms and other new media in this exciting class.

Starts October 12, 2015.

ARCHIVED and SELF-PACED COURSES

Art and Inquiry: Museum Teaching Strategies For Your Classroom (MoMA)

Explore how to integrate works of art into your classroom with inquiry-based teaching methods originally developed for in-gallery museum education.

Art & Activity: Interactive Strategies for Engaging with Art (MoMA)

Art can be a powerful catalyst for building skills and understanding a range of subjects. Intended for primary and secondary teachers of all disciplines, Art & Activity builds upon the inquiry-based approaches of Art and Inquiry: Museum Teaching Strategies for Your Classroom, while delving into activity-based strategies that will make your students empowered participants.

Library Advocacy Unshushed (University of Toronto)

Become a powerful advocate for the values and future of libraries and librarianship. Be informed, strategic, passionate, and unshushed!
